## **Margie Remmers Introduction**

Note: Remmers is pronounced R-EH-MMERS, not R-EE-MMERS

While juggling life as a wife, mother, owner of 3 struggling businesses, and community activist, Margie Remmers was the victim of a near heart-attack when stress landed her in the hospital at just 37 years old.

Out of desperation, she developed a system that turned everything around so shockingly fast that she named it Instant Success™. As a result of personally applying the system herself, she transformed her life from "stress-full" to stress-free, becoming in the process a triathlete, successful entrepreneur, world traveller, and nature photographer.

Margie is the author of the book, *Don't Stress... Your Life is Calling*, as well as the home study course, *How to Apply the Science of Getting Rich*, and not only has she coached many others in her powerful method of success, she has also developed an Instant Success™ coaching certification program so that others can help bring this important message to the world.

Mom to a beautiful 11 year old daughter and a handsome 9 year old son (who get the inside scoop on all her secrets), Margie is passionate about helping others finally find balance in a chaotic world: make more money, have more time, and live every day in exquisite joy and total freedom.
